

## Tirzepatide (Oral Solution) Consent Form

- The medical weight loss plan involves an initial consultation with our provider to determine if you are an appropriate candidate.
- Participants will receive dietary guidance, medication counseling, exercise advice, and a prescription for Tirzepatide weekly oral solution.
- The first prescription will be in the office, and renewal prescriptions are provided monthly.
- Follow-up appointments are once monthly with a physician or physician assistant to monitor progress, answer questions and provide support.
- Once maintenance dose is achieved, follow-up appointments may be spaced out.
- Participants may opt out at any time with 30 days' notice.
- This product has not been FDA validated for weight loss, however it is the same class as other GLP-1 medications currently used for diabetes and weight loss.
- Note – we are unable to refund any payments already processed since each is applied to the patient's pharmacy order at the time of payment.

### Cost:

- Initial evaluation with provider (20-30 minutes): \$175
- Monthly subscription:
  - \$500 per month
  - Includes supply of Tirzepatide 10mg/ml (20 ml vial)
  - 1 office visit per month
- Optional: Vitamin B-12/MIC (methionine-inositol-choline) once weekly injections. These lipotropic nutrients are commonly used in medically supervised weight loss, to help the body burn fat more efficiently. Added cost is \$100 per month.

### Referral program:

- For each referral of a new participant who starts the program, we will apply \$100 credit to both accounts for 1 month supply of Vitamin B-12/MIC injections.
