

GLP-1 (Semaglutide) Consent Form

- The medical weight loss plan involves an initial consultation with our provider to determine if you are an appropriate candidate.
- Participants will receive dietary guidance, medication counseling, exercise advice, and a prescription for Semaglutide once weekly injections.
- The first injection will be demonstrated and administered in the office, and all follow up injections are self-administered at home.
- Follow-up appointments are once monthly to max of every 3 months with a physician or physician assistant to monitor progress, answer questions and provide support.
- Participants may opt out at any time with 30 days' notice.
- Note – we are unable to refund any payments already processed since each is applied to the patient's pharmacy order at the time of payment.

Cost:

- Initial evaluation with provider (20-30 minutes): \$175
- Monthly subscription:
 - \$400 per month for all doses ranging from 0.25 - 2.5 mg once weekly
 - Credit card authorization on file
- If the desired weight loss goal is not achieved at the initial dosage of GLP-1 (Semaglutide), the dose may be increased at your provider's discretion or changed to a new medication. Rate increase may apply and will be discussed in advance.

Referral program:

- For each referral of a new participant who starts the program, we will apply \$100 credit to both accounts.
